## Invitation to join the LHM Yahoo Group

I would like to invite you to join our LHM Community hosted on Yahoo Groups. The Montessori Method includes Community Building of which group emails play a large part.

Joining this group allows you to be part of the LHM Community by receiving community related emails as well as classroom related emails from our parents and teachers.

Here you might join in on the lively discussion of issues that sometimes arise, find an answer to a question, clarification of an issue, or set up a play date just to name a few of the reasons to join the group.

Although I strongly encourage you to join this group to help keep you informed of the happenings in your child's classroom and school, membership in the group is not mandatory. If you choose not to join, you will still receive emails from me and/or your child's teacher regarding school related issues and events and most importantly anything private pertaining specifically to your child.

If you wish to join the group, please go to the appropriate web address below. You will be asked to set up a yahoo account if you do not already have one. If you have any other questions, please do not hesitate to call me or email me at anytime.
